

• Comparing Files:

• diff: Compares files line by line.

- Regular Expressions and Pattern Matching: *grep*, *egrep*, *fgrep*, *sed*, *awk*

Text Processing:

• *join*: Joins lines of two files on a common field.

• *split*: splits a file into fixed-size pieces.

- *nl* (add line numbers), *expand* (tab to spaces), *unexpand* (spaces to tab), *fold* *y fmt* (text format).

• **FileEnding and CharacterVersion:** *dos2unix, unix2dos*
